In an obscure corner the Wash-
ington Reporter last night published
a denial of the Pigeon Creek church
episode in an account of which Tener
adherents were accused of scattering
Tener literature through the pews of
the church, effecting an entrance dur-
ing the night. The Reporter made
the correction under pressure, realiz-
ing that public sentiment was against
such hideous methods. This is shown
by the fact that while the story itself
was spread in glaring headlines across
the top of the front page, the correc-
tion is placed at the bottom where it
is likely that few will notice it. The
Reporter is compelled to acknowledge
that the matter distributed in the
pews was placed there in the interest
of Acheson and no matter how the in-
cident is smoothed over, it remains
that the tactics pursued were on the
low level falsely ascribed to Mr. Ten-
er's friends.

It is of course not expected that
the Reporter and Observer will go
further and deny some of the other
statements it has made to injure Mr.
Tener's candidacy and which the ma-
jority of people know to be untrue.
But as a matter of common decency
they should do at this time when all
evidences go to show that right is
surely going to triumph and that Mr.
Tener, despite all the despicable
methods used against him, will send
the county ring down to everlasting
defeat.

If liquor money is being spent in
this campaign it is being spent by E.
F. Acheson. For fourteen years he
has drawn a congressman's salary be-
cause the saloon element wanted him
in a position where he could look
after their interests. Now that this
support has been lost to him he is
using what he saved during the years
of championing their cause. This is
nothing more or less than blood money,
because the Christian people have
always held aloof from him. And
don't you believe otherwise than that
the wily politicians of Washington
county has plenty of funds. He is
using them freely and he would not
have it had not the saloon given him
a good steady job.

It is evident that the opponents of
J. K. Tener are badly frightened at
the enthusiasm displayed by union
organizations in supporting him and
no means will be spared to cause a
division in the ranks if that is possible.
Look out for false misrepresentations
at the eleventh hour. Workingmen
everywhere should support Tener.
The official endorsements given him
by local unions and the good words
spoken for him by labor journals were
not made until a thorough investiga-
tion of his stand on questions relating
to labor had been made.

E. F. Acheson is given credit for
being a slippery politician, but he has
met his Waterloo. His latest stunt
is sending seeds out as bait to people
of the district. This is at the ex-
pense of the government, and the man
who gets a package of onions or sun-
flower sprouts is paying for them just
the same.

ing in Donora.

Politicians Juggle With Temperance

That is the Reason Why the Issue Has Not Made
More Rapid Progress in the State—Acheson's
Espousal of Local Option a Specimen.

(To the Mail)
Local option may be a good thing to
fool the people with, but anybody who
has ever studied the Constitution of
the State of Pennsylvania, or read the
decisions of the Supreme Court, ought
to be able to know that local or special
laws are forbidden by our present Con-
stitution which went into effect in 1874.
Under the old Constitution any local
law could be passed, and the liquor
people knew this, and in order for
them to accomplish their purposes a
new Constitution was framed. The
temperance people were found sleep-
ing (as they usually are) and the new
Constitution was adopted by a large
majority for the sole interest of the
liquor people.

The Legislature is allowed to repeal
any local law which it has done in
various instances, but they have not
the power to enact one, and wherever
they have attempted to, it has been de-
clared unconstitutional in every in-
stance. Ex Senator M. S. Quay knew
this very well, but he had not the
courage to come out boldly and he to the
people and deceive them, as some of
our present candidates are doing, but
in order to get this vote (which he
badly needed at that time) he prom-
ised to have the matter brought before
the people. An act of Legislature to
submit an amendment to a vote of the
people (the only way one can be passed)
was framed. This was passed in the
session of 1889. The election was held
June 15, 1889, and the temperance peo-
ple were badly defeated. It is con-
ceded Mr. Quay helped the liquor peo-
ple to defeat this measure (a charac-
teristic of the average Pennsylvania
politician). Thus it can be seen by
any candid mind that local option does
not figure in any Congressional elec-
tion, and especially in this one. This
local option talk is all a political bluff
and trickery of the lowest type.

Injures Temperance Cause.

If Mr. Acheson is so Godly, so sin-
cere, so honest and so interested in the
people's welfare, why in the heavens
don't he make it a National issue, and
stop the sale and traffic? He has been
there long enough to have done a good
many things that should have been
done. The Government is the one
that should handle the liquor, not the
States; but they don't care as long as
the Government gets the revenue, and
they get the fat offices. Temperance
will adjust itself through intelligence
and honest legislation, and the cause
always suffers when advocated by old
political sores and deadheads. The
trouble with the temperance party is
that it has always suffered itself to be
run by a lot of worn-out politicians
who have not the cause at heart, but
use the principals as political bluff.
It is high time they should get their
eyes opened. They certainly have
been fooled to a fine.

Mr. Acheson's course is very nearly
run. It may be he is on the decline of
life, but one thing is certain: he has
outgrown his usefulness. He never
was a leader. His inability to speak,
or to debate the issues, has deprived
his constituency from receiving the
full benefits that might be had, if the
district was represented by an able
speaker, or even a man of influence.
"Uncle Joe" Cannon don't consider
him a man of much prestige, and old
"Uncle Joe" is pretty near the real
thing.

Turned Down Old Soldier.

His shortcomings in many instances
might have been looked over, but his
deals with the liquor element, and
some of his appointments are hard to
forget. In 1903 E. L. Parsons of Char-
leroi handed in a very strong petition
for the appointment of postmaster in
Charleroi and was the choice of a large
element of the people. He is an up-
right, honest citizen, and commands
the respect of everybody. Further-
more he is an honorably discharged
old soldier. He was turned down like
a dog and given no consideration
whatever. Yet Mr. Acheson has cheek
and gaul enough to ask the old sol-
diers for their votes. If this is not
the work of hypocrisy, then I do not know
what the word means.

There is other work of more impor-
tance to the people of the country
(which is being sadly neglected) than
that of local option. There are many
of the working people in destitute cir-
cumstances. Our mills, factories and
mines are nearly all idle, and the ma-
jority of the people of the country out
of employment. It is not the Demo-
crat party this time, but the monopo-
lies, corporations and trusts that are
running our country, who are respon-
sible. Through the neglect of dis-
reputable and dishonest Republican
politicians, a panic ensued for which
there is no cause, except speculative.
Legislative and political reasons, to
serve special interests, and to prevent
the nomination and election of
Roosevelt. When such men as Mor-
gan and the Standard Oil company re-
present thirty-eight percent of the cap-
italization of all industrial trusts of
the country and more than 350 banks,
trust companies, railroads and indus-
trial corporations, with an aggregate
capitalization of more than \$1,200,000,
their railroads covering the
country like net work, you must not
disturb or molest them, or you are
likely to have a panic at any time.
These are the people who want what
they want, and just when they want
it, and if they cannot get it, they tie
up the money, and make the little fish
get to shore and stay there. Is there
no relief from these ungodly, thirsty
blood-suckers?

Not in Statesman Class.

Who ever heard of Roosevelt calling
on Acheson for council or advice? We
often read of Knox and Dalzell having

been called on to confer with him.
What the people want is more Roose-
veltism and less politics. He needs
the backing of every good man, for he
has been an able executive, without
robbing anyone of honor. He is the
best we ever had. In him the honest
and poor have a trusty and worthy
friend. The trouble today is that he
has called a halt on robbery, thievery
and dishonesty, and the trusts, cor-
porations, monopolies, insurance com-
panies, and railroads cannot afford to
have the light turned on for fear they
land in the penitentiary. The political
cry now is: "Let us get some one for
President who will cover up all our
sins, and let us alone." Roosevelt will
not cover up, yet they cry out, "We do
not want him." This would be a third
term, for he will have served two terms
by the fourth day of March, 1909.
Please excuse me for talking plain,
but this is a lie. A term consists of
four years. What Roosevelt will have
served when his term is up is one term,
and the remainder of McKinley's second
term.

They cry out, "This State is for
Knox." This is another lie, but mere-
ly a political lie. Roosevelt can carry
Pennsylvania by a vote of the people,
against any man the State or the United
States can put up, and the politi-
cians know this if they would but tell
the truth. He is the strongest man in
our country today. If Roosevelt
would openly permit himself to be a
candidate this financial crisis would
not last a week. Nothing would do
the country more good than the purify-
ing and cleaning up of all Wall Street
at any price. Now I want it distinctly
understood that I am not a kicker
against P. C. Knox, but would rather
have him represent us as United States
Senator for I think he is in the right
place, and I am willing to confess he is
one of our best and most able repre-
sentatives. Instead of being a dis-
grace (like some of our past repre-
sentatives) he is a credit and honor to
our State.

More Patriotism Needed.

What the American people want is
square deal, less politics and better
Statesmen, men like Roosevelt, Judge
Grey, Taft, Knox, Hughes, John Mit-
chell and many others. If the labor or-
ganizations and the honest people
would listen to the advice of such men
as Roosevelt and Mitchell they would
be prosperous and happy. It is the
duty of every good citizen to vote, and
not to be swayed by tricksters, but to
vote conscientiously. The man who
takes money or liquor in exchange for
his vote is a cynic of the lowest type,
and the candidate who uses any of
these means to get his nomination or
procure his election is no better. Any
body known to use such means should
be disfranchised forever.

Instead of making a hobby out of
local option it would be much more
beneficial to have a law passed forbid-
ding criminal emigration. We need
all the good people that Europe can
spare, but we do not need anarchists,
blackhands or criminals, and there is
nothing more needed than this class of
emigration stopped. Character should
be the main requisite in the admission
of emigrants, independent of race or
nationality, and where they have not
the character they should be rejected
at once.

People cannot help their poverty.
It is no disgrace, and we have no right
to despise or mistreat them because
they are poor, but we have a legal
right to know that they are honest,
truthful and upright, and will do the
right thing. There should be a higher
standard of character and reputation,
if we want to sustain the heritage of
our forefathers.

What the people want is a Congress-
man who will look after our National

issue, and keep his snout out of State
and county politics. The people of
Washington county are amply able to
run the county and attend to their
own business, and over and above all
things we do not need a boss, and es-
pecially a political boss. Political
tyranny is the ruin of any people,
and it means their downfall.

Tener Inspires Confidence.

J. K. Tener is a plain, honest man,
who recognizes everybody and treats
everyone cordially. He is honest in
all his dealings, and what he says, he
will do. He will not deceive you.
His word is his honor. Anybody can
meet him. Anybody can do business
with him, and if you ask him to do
what he ought not to do, or that which
we cannot do, he is the man to say no.
We do not know just what kind of a
representative he may make, but he
will not have to climb very high to be
on a par with the average representa-
tive, and I do not believe he could be
trailed down in the mire to a level
with our Pennsylvania grafters. Those
who know him will trust him. They
have the fullest confidence in his in-
tegrity and ability, and they will vote
for him, and can conscientiously vote
for him, knowing that they will not be
deceived. We will be rewarded with
one of the greatest political blessings
ever bestowed on Washington county
in the nomination and election of J. K.
Tener.

Yours for political truth,
A TENER REPUBLICAN.

The people of the Monongahela val-
ley should rally to the support of
John H. Bowers, of Charleroi, who is
a candidate for the office of county
treasurer. He will make an excel-
lent official and the party of which he
asks this favor could find no truer or
stronger candidate than he will prove
to be. The office is one that carries
with it great responsibility and Mr.
Bowers possesses the qualities that
will go toward making the duties of
the position well performed. The
avidity shown by union labor in rally-
ing to Mr. Bowers' support in this
campaign speaks much for his candi-
dacy, as the workingman's vote has
come to be a thing to be valued. Al-
most to a unit the people that work
in the mills, mines and factories will
go to the polls and vote for Bowers.
His nomination is almost certain.

Carroll.

William Joseph Carroll, a well known
and respected young man of Charle-
roi, died yesterday morning at his
home, 718 Washington avenue at 11:05
o'clock, after an illness of several
months, of a complication of diseases.
Mass will be held over the body Fri-
day morning at nine o'clock in St.
Jeromes Catholic church. On Satur-
day morning the body of the young
man will be taken to Scottsdale,
where further services will be held.
Interment will be in St. Johns Catho-
lic Cemetery.

The deceased was 24 years of age,
and unmarried. He is survived by
two sisters, Ida and Mary both of
whom are residents of Charleroi.
Mr. Carroll is very popular among his
acquaintances.

A big robbery occurred at Coal
Centre last night, the jewelry stor-
e of Klara being broken open and
worth of jewelry taken. The robbery
was made through the back door.

The general store of S. L. Weaver
was also entered and goods to the
value of \$7 were taken.

Detective Riddle was telephoned for
this morning and went up with his
bloodhounds, tracing the burglars to
the iron bridge near Coal Centre
where the trail was lost.

SEEDS PAID FOR BY TAXPAYERS

The worst has come in the Tener-
Acheson contest. It has been feared
from the first by the opponents of
Mr. Acheson. Secret service men
and government employees tried to
prevent it, but their efforts have been
of no avail. This is the secret.
Acheson is sending out seeds furnish-
ed by the United States government,
and they are paid for by the taxpayers.

Not being satisfied with dealing the
Tener forces this awful blow at the
eleventh hour Mr. Acheson went fur-
ther. He sent a package of seeds to
Mr. Tener, and the report is current
here that the shock was so severe that
Mr. Tener was going to withdraw
from the contest. Hurried telegraph
communications was gotten with Mr.
Tener, and the following messag-
e was received from Beaver by the
man in charge of his office:
"Keep the seeds. I'll send them
back next year."

"Tener."

WILLIAM E. LANE,

A man of decided strength, both of character and intellect.

The Office of County Commissioner

Is the most important in the whole county. It has to spend hundreds of thousands of dollars of the people's money every year. All the public improvements are sanctioned and constructed under its direction. It is the most important office for a section or locality to have representation in, although not one of great emolument or profit to the one holding it. It is strange to say that the boroughs and townships fronting upon

The Monongahela River Has Never Had Representation

upon this Board in the majority party for over thirty years. This is the more remarkable because they have over one-third of the population of the entire county and have very often themselves furnished the majority to elect the commissioners, and the entire Republican ticket. Is it fair to this great and most important district? Has this great valley received its proportionate share of public improvements? Of the thousands and hundreds of thousands of dollars spent upon road improvements, how much has been spent along the Monongahela Valley?

The time is close at hand when the Republican voters of this great community can have a representative tried and true, and who is in touch with the River country, by putting the cross opposite the name of **Thomas Hill of Union Township**, whose name appears upon the official Republican Ballot. He will see that this great section will receive its full share of public improvements. He believes that when money is collected as taxes from this district that improvements should come proportionately. He is opposed to the arbitrary increase of the assessment of a whole township or borough. He believes that the appeals from the assessments should be held in each locality, and that the people wishing to object to the assessment should not be compelled to take the time and expense to go to the County Seat to obtain their hearing. In other words, that the Commissioners should go to the people instead of compelling the people to go to them. If you believe that the Republican party should give the River District a representative, the first in thirty years, cast your vote for Thomas Hill.

Mr. Schwade complained of surface water at his property at Twelfth street. Placed in hands of street committee with power to act. Placed in hands of fire, water and light committee with power to act.

Mr. Richardson asked that the sewer on Fifth street be extended, and the matter was placed in the hands of the street committee with power to act.

Chairman Frye of the Streets, Alleys, and Grades committee reported favorably on extending the sewer at Fourth street. Council accepted the report and said the work should be done. He also stated that the retaining wall on church alley had been broken and needed attention. The matter was placed in the hands of the street committee with power to act. It was reported that the matter of the assessment of the Catholic church property had been investigated, and the borough engineer had given an estimate of the amount of assessment of said property.

The borough clerk was instructed to notify the churches on Washington avenue between Sixth and Seventh streets that their previous assessments as estimated by the engineer will not be exceeded.

The matter of the grade on Prospect avenue between First and Second street was placed in the hands of the street committee for investigation, to report to council.

The engineer was instructed to prepare an ordinance for the proposed grade on Lincoln avenue from Second to Fifth street.

SAYS TENER WILL CARRY TWO TOWNS

W. M. Hart, a prominent Republican of California, was in town yesterday and says it is his honest opinion that Tener will carry California and Coal Centre by a vote of two to one against Acheson.

"The story has been told within the last week," said Mr. Hart. "The feeling for Acheson was not strong previous to that time, but Tener's statement on the local option question has brought support and awakened the voters to the fact that a greater and better man than Ernie has arisen and one that will give the people of the district a fair deal. The two towns will go for Tener."

"THE CRIME OF 1903"

After Carroll Township, Washington County, Remained "Dry" For 30 Years, Congressman Acheson Sanctioned the Repeal, Making it "Wet," by Which Deal He Got Control of the River District.

Black marks show territory in Washington county where there are saloons. The district made "wet" by an agreement with Acheson is many times greater than all the others combined.

True reformers, temperance people and local optionists will concede that Acheson brought saloons to Monongahela and yet some of them will argue that he should be supported on the eleventh of April.

The case of Acheson, who now champions the local option cause with sanctimonious fervor, is strongly against his sincerity, along the lines of receiving liquor contributions and saloon influence. He engineered and procured the repeal of the local prohibitory act by the legislature: sent the first news of the success of its repeal when most questionable methods to count the repealer passed were used, although in fact a majority of the members of the legislature present voted against the repeal and secured Pennypacker's secretary to hoodwink the governor. Leaving duty at Washington, E. F. came home and the Washington county representatives in the legislature were conveniently absent on roll call. Our "worthy" congressman procured the passage of the act, as related above and triumphantly telegraphed the good (?) news to his constituents. It has long been an open secret that promises and bargains by saloon men in Monongahela to Acheson, as a result of this service, have been kept and it is not to be laid at the door of John K. Tener, Mr. Acheson's opponent, if the same men turn away from the tricky boss, now masquerading under the political make-shift of local option.—Monongahela Republican.

A Denial That Is Not a Denial

Through an editorial in the Washington Observer of Monday denial is made that Congressman E. F. Acheson is responsible for the repeal of the prohibitory laws of Donora, Monongahela and Carroll township which added fourteen saloons to the county. The denial is made in a general way and is skillfully twisted to cover Mr. Acheson's personal sentiments on the liquor traffic, and the action of the Washington county members of Assembly, who were

not expected to vote for the repeal. The most of the denial is directed against the Donora repeal, which required only passiveness on Mr. Acheson's part to effect; but in regard to the repeal of Monongahela and the balance of Carroll township, where the active co-operation of Mr. Acheson was necessary—and given—the denial skims this over in two sentences telling of the action of the two Assemblymen on the floor.

There are some things, however that Mr. Acheson does not deny.

He does not deny that a caucus was held at Washington of the "political family" at which he was present to consider the Monongahela repeal.

He does not deny that the repeal was agreed to, and that a man strong in the political organization was sent to Monongahela to make a deal.

He does not deny that another caucus was held at Monongahela where a compact was made by the assurance that the repeal would be permitted in exchange for Monongahela's support.

He does not deny that an attempt was made to break faith

with the Monongahela compact, and that the repeal bill was defeated the first time it came up.

He does not deny that the bill was reconsidered, and that he was called from Washington, D. C., to Harrisburg to call off opposition in Senatorial quarters.

He does not deny that both of the Washington county Assemblymen did not vote against the repeal of the bill both times.

He does not deny that he could not have prevented the repeal of the Monongahela law had he used his influence against it, or that he consented to the repeal.

He does not deny that in the Donora repeals one of the Washington county Assemblymen voted and worked for the measure, although he states in his denial that the Assemblymen were elected on what was known as the "Acheson ticket."

These are some of the things Mr. Acheson takes special care to avoid. He does not deny them.—Charleroi Mirror.

INSTALLED HEAVY MACHINERY

California, April 8.—The town council is making active preparations to do considerable street improving the coming summer. Contractors from Pittsburg and other places are here today looking over the situation with a view to bidding on the work.

The Ladies' Aid society of the First Presbyterian church is holding a bazaar and rummage sale in the Peoples Bank building and are meeting with a reasonable degree of success.

Probably the largest installment of heavy machinery ever brought to the river is now being unloaded at Jones and Laughlin's mine No. 4 at this place. Each of the head plates for the cylinder weighs 14 tons, while the shaft weighs 21 tons. The machinery is to be installed at Smallwood and will be used in bringing this coal from what is known as the fourth seam. This is the largest and most complete hauling plant on the Monongahela river. The managers are taking advantage of the suspension at the mines and are rushing the completion of this work. Many other improvements are being made and other minor machinery installed.

The spring term of school at the Normal is now fairly under way with a good attendance.

Some fear and anxiety was felt here last week over the arrival of a large consignment of beer which was reported as being shipped here by politicians. But it now develops that it was only the regular weekly allotment consigned to individual parties. Another consignment arrived today for the club rooms and speak-easies. The shipments of beer at Coal Center reach as high as 1,000 kegs in a single week.

VOGEL'S MINSTREL AT COYLE TONIGHT

To the inquiry, "Why do the minstrels parade?" John W. Vogel, manager and proprietor of the Big City Minstrels—fifty all told—frankly responded: "Primarily for the advertisement. Why else should I equip the band and company at such a large expenditure, if the display of the full strength of the company did not count for something?" "Who first put the minstrels in street parade?" "That skilled manager and exceedingly clever and original comedian, William H. Newcomb. He used at times to hire band-wagons of local liveries, and 'Brass Band the towns,' as he termed it. He carried lettered blankets for the horses." "Were the performers uniformed?" "To the extent that each and all were decorated with a stove-pipe hat." John W. Vogel's Big City Minstrels at Coyle theatre tonight.

BISHOP DERRICK TO LECTURE HERE

Bishop Derrick, one of the foremost Afro-Americans of the country, will lecture tomorrow night in the school hall under the auspices of the A. M. E. church. Pastor Bouldin and his people are working hard to have a representative audience to hear one who is so distinguished in the church. Bishop Derrick has traveled a great deal and the position he occupies is evidence of the education which has placed him in the front ranks of his race.

BOYD C. PARSHALL IS PICKED AS A WINNER

It is now conceded by everyone and most of the candidates themselves that Boyd C. Parshall of Washington will be nominated for County Treasurer easily. The great tide of sentiment which has turned toward the popular candidate within the last few days has determined the contest. Everywhere Mr. Parshall is greeted as the next treasurer of Washington county. He is the only Independent Republican candidate of the whole people. He is the only Independent Republican candidate in the field and the rank and file of the party are overwhelmingly for him. The fact that for fourteen years he has been an expert book-keeper and accountant has reached the people. They want a business administration and Mr. Parshall's sterling honesty and high integrity soon placed him in the front of the contest. His qualifications make him the logical candidate and the people have found it out. They are with him and they are determined to nominate him. The will of the people cannot be frustrated. They want Mr. Parshall and Mr. Parshall will be nominated.

It is now conceded that the candidate of the people for treasurer will sweep everything in front of him in his own home town and throughout the rural districts he will get an enormous vote. Reports from every part of the county point to him as the high man on the Republican ticket. He will lead the ticket in many voting precincts. Mr. Parshall's long record of fighting the battles of the taxpayers in the county is now showing up to advantage. They are for him everywhere and are working for his success. The taxpayering public is making no mistake in overwhelmingly nominating such a man as Mr. Parshall. His advent into office will mean stability to our finances, and a clear gain to the taxpayers. He will sweep the county. 20811

TEMPERANCE LECTURE HERE LAST NIGHT

On account of the rain only a small audience was out last night to hear the temperance lecture given in the Christian church by Hon. Seaborn Wright of Georgia. Mr. Wright denounced high license as a curse and compared conditions in the south with those of slavery days. The address was purely temperance, politics, factions or issues of the primaries not entering into his talk. An interesting statement of his was that the first cost of a gallon of whisky afterwards retailing at \$2.00 to \$4.00 is about 20 cents. Mr. Wright will speak in California tonight.

ington Reporter last night published a denial of the Pigeon Creek church episode in an account of which Tener adherents were accused of scattering Tener literature through the pews of the church, effecting an entrance during the night. The Reporter made the correction under pressure, realizing that public sentiment was against such hideous methods. This is shown by the fact that while the story itself was spread in glaring headlines across the top of the front page, the correction is placed at the bottom where it is likely that few will notice it. The Reporter is compelled to acknowledge that the matter distributed in the pews was placed there in the interest of Acheson and no matter how the incident is smoothed over, it remains that the tactics pursued were on the low level falsely ascribed to Mr. Tener's friends.

It is of course not expected that the Reporter and Observer will go further and deny some of the other statements it has made to injure Mr. Tener's candidacy and which the majority of people know to be untrue. But as a matter of common decency they should do at this time when all evidences go to show that right is surely going to triumph and that Mr. Tener, despite all the despicable methods used against him, will send the county ring down to everlasting defeat.

If liquor money is being spent in this campaign it is being spent by E. F. Acheson. For fourteen years he has drawn a congressman's salary because the saloon element wanted him in a position where he could look after their interests. Now that this support has been lost to him he is using what he saved during the years of championing their cause. This is nothing more or less than blood money, because the Christian people have always held aloof from him. And don't you believe otherwise than that the wily politicians of Washington county have plenty of funds. He is using them freely and he would not have it had not the saloon given him a good steady job.

It is evident that the opponents of J. K. Tener are badly frightened at the enthusiasm displayed by union organizations in supporting him and no means will be spared to cause a division in the ranks if that is possible. Look out for false misrepresentations at the eleventh hour. Workingmen everywhere should support Tener. The official endorsements given him by local unions and the good words spoken for him by labor journals were not made until a thorough investigation of his stand on questions relating to labor had been made.

E. F. Acheson is given credit for being a slippery politician, but he has met his Waterloo. His latest stunt is sending seeds out as bait to people of the district. This is at the expense of the government, and the man who gets a package of onions or sunflower sprouts is paying for them just the same.

Rev. G. G. Kerr spent the morning in visiting.

H. S. Piersol is transacting business in Pittsburgh today.

Politicians Juggle With Temperance

That is the Reason Why the Issue Has Not Made More Rapid Progress in the State—Acheson's Espousal of Local Option a Specimen.

(To the Mail)
Local option may be a good thing to fool the people with, but anybody who has ever studied the Constitution of the State of Pennsylvania, or read the decisions of the Supreme Court, ought to be able to know that local or special laws are forbidden by our present Constitution which went into effect in 1874. Under the old Constitution any local law could be passed, and the liquor people knew this, and in order for them to accomplish their purposes a new Constitution was framed. The temperance people were found sleeping (as they usually are) and the new Constitution was adopted by a large majority for the sole interest of the liquor people.

The Legislature is allowed to repeal any local law (which it has done in various instances) but they have not the power to enact one, and wherever they have attempted to, it has been declared unconstitutional in every instance. As Senator M. Quay knew this very well, but he had not the cheek to come out boldly and lie to the people and deceive them as some of our present candidates are doing, but in order to get this vote (which he badly needed at that time) he promised to have the matter brought before the people. An act of Legislature to submit an amendment to a vote of the people (the only way one can be passed) was framed. This was passed in the session of 1889. The election was held June 15, 1889, and the temperance people were badly defeated. It is conceded Mr. Quay helped the liquor people to defeat this measure (a characteristic of the average Pennsylvania politician). Thus it can be seen by any candid mind that local option does not figure in any Congressional election, and especially in this one. This local option talk is all a political bluff and trickery of the lowest type.

Injures Temperance Cause.

If Mr. Acheson is so Godly, so sincere, so honest and so interested in the people's welfare, why in the heavens don't he make it a National issue, and stop the sale and traffic? He has been there long enough to have done a good many things that should have been done. The Government is the one that should handle the liquor, not the States; but they don't care as long as the Government gets the revenue, and they get the fat offices. Temperance will adjust itself through intelligence and honest legislation, and the cause always suffers when advocated by old political sores and deadweights. The trouble with the temperance party is that it has always suffered itself to be run by a lot of worn-out politicians who have not the cause at heart, but use the principals as political bluff. It is high time they should get their eyes opened. They certainly have been fooled to a finish.

Turned Down Old Soldier.

His shortcomings in many instances might have been looked over, but his deals with the liquor element, and some of his appointments are hard to forget. In 1903 B. L. Parsons of Charleroi handed in a very strong petition for the appointment of postmaster in Charleroi and was the choice of a large element of the people. He is an upright, honest citizen, and commands the respect of everybody. Furthermore he is an honorably discharged old soldier. He was turned down like a dog and given no consideration whatever. Yet Mr. Acheson has cheek and gaud enough to ask the old soldiers for their votes. If this is not the work of hypocrisy, then I do not know what the word means.

There is other work of more importance to the people of the country (which is being sadly neglected) than that of local option. There are many of the working people in destitute circumstances. Our mills, factories and mines are nearly all idle, and the majority of the people of the country out of employment. It is not the Democrat party this time, but the monopolies, corporations and trusts that are running our country, who are responsible. Through the neglect of disreputable and dishonest Republican politicians, a panic ensued for which there is no cause, except speculative, legislative and political reasons, to serve special interests, and to prevent the nomination and the election of Roosevelt. When such men as Morgan and the Standard Oil company represent thirty-eight percent of the capitalization of all industrial trusts of the country and more than 350 banks, trust companies, railroads and industrial corporations, with an aggregate capitalization of more than \$1,200,000,000, their railroads covering the country like net work, you must not disturb or molest them, or you are likely to have a panic at any time. These are the people who want what they want, and just when they want it, they are getting it.

Not in Statesman Class.
Who ever heard of Roosevelt calling on Acheson for council or advice? We often read of Knox and Dalzell having

been called on to confer with him. What the people want is more Rooseveltism and less politics. He needs the backing of every good man, for he has been an able executive, without robbing anyone of honor. He is the best we ever had. In him the honest and poor have a trusty and worthy friend. The trouble today is that he has called a halt on robbery, thievery and dishonesty, and the trusts, corporations, monopolies, insurance companies, and railroads cannot afford to have the light turned on for fear they land in the penitentiary. The political cry now is: "Let us get some one for President who will cover up all our sins, and let us alone." Roosevelt will not cover up, yet they cry out, "We do not want him. This would be a third term, for he will have served two terms by the fourth day of March, 1908. Please excuse me for talking plain, but this is a lie. A term consists of four years. What Roosevelt will have served when his term is up is one term, and the remainder of McKinley's second term.

They cry out, "This State is for Knox." This is another lie, but merely a political lie. Roosevelt can carry Pennsylvania by a vote of the people against any man the State or the United States can put up, and the politicians know this if they would but tell the truth. He is the strongest man in our country today. If Roosevelt would openly permit himself to be a candidate this financial crisis would not last a week. Nothing would do the country more good than the purifying and cleaning up of all Wall Street at any price. Now I want it distinctly understood that I am not a kicker against P. C. Knox, but would rather have him represent us as United States Senator for I think he is in the right place, and I am willing to confess he is one of our best and most able representatives. Instead of being a disgrace (like some of our past representatives) he is a credit and honor to our State.

More Patriotism Needed.

What the American people want is square deal, less politics and better Statesmen, men like Roosevelt, Judge Grey, Taft, Knox, Hughes, John Mitchell and many others. If the labor organizations and the honest people would listen to the advice of such men as Roosevelt and Mitchell they would be prosperous and happy. It is the duty of every good citizen to vote, and not to be swayed by tricksters, but to vote conscientiously. The man who takes money or liquor in exchange for his vote is a cynic of the lowest type, and the candidate who uses any of these means to get his nomination or procure his election is no better. Anybody known to use such means should be disfranchised forever.

Instead of making a hobby out of local option it would be much more beneficial to have a law passed forbidding criminal emigration. We need all the good people that Europe can spare, but we do not need anarchists, blackhands or criminals, and there is nothing more needed than this class of emigration stopped. Character should be the main requisite in the admission of emigrants, independent of race or nationality, and where they have not the character they should be rejected at once.

People cannot help their poverty. It is no disgrace, and we have no right to despise or mistreat them because they are poor, but we have a legal right to know that they are honest, truthful and upright, and will do the right thing. There should be a higher standard of character and reputation, if we want to sustain the heritage of our forefathers.

What the people want is a Congressman who will look after our National

interests, and keep his snout out of State and county politics. The people of Washington county are amply able to run the county and attend to their own business, and over and above all things we do not need a boss, and especially a political boss. Political grafting is the ruination of any people, and it means their downfall.

Tener Inspires Confidence.

J. K. Tener is a plain, honest man, who recognizes everybody and treats everyone cordially. He is honest in all his dealings, and what he says, he will do. He will not deceive you. His word is his honor. Anybody can meet him. Anybody can do business with him, and if you ask him to do what he ought not to do, or that which he cannot do, he is the man to say no. We do not know just what kind of a representative he may make, but he will not have to climb very high to be on a par with the average representative, and I do not believe he could be trailed down in the mire to a level with our Pennsylvania grafters. Those who know him will trust him. They have the fullest confidence in his integrity and ability, and they will vote for him, and can conscientiously vote for him, knowing that they will not be deceived. We will be rewarded with one of the greatest political blessings ever bestowed on Washington county in the nomination and election of J. K. Tener.

Yours for political truth.
A TENER REPUBLICAN.

The people of the Monongahela valley should rally to the support of John H. Bowers, of Charleroi, who is a candidate for the office of county treasurer. He will make an excellent official and the party of which he asks this favor could find no truer or stronger candidate than he will prove to be. The office is one that carries with it great responsibility and Mr. Bowers possesses the qualities that will go toward making the duties of the position well performed. The avidity shown by union labor in rallying to Mr. Bowers' support in this campaign speaks much for his candidacy, as the workingman's vote has come to be a thing to be valued. Almost to a unit the people that work in the mills, mines and factories will go to the polls and vote for Bowers. His nomination is almost certain.

Carroll.

William Joseph Carroll, a well known and respected young man of Charleroi, died yesterday morning at his home, 715 Washington avenue at 11:30 o'clock, after an illness of several months, of a complication of diseases. Mass will be held over the body Friday morning at nine o'clock in St. Jerome's Catholic church. On Saturday morning the body of the young man will be taken to Scottsdale, where further services will be held. Interment will be in St. John's Catholic Cemetery.

The deceased was 24 years of age, and unmarried. He is survived by two sisters, Ida and Mary both of whom are residents of Charleroi. Mr. Carroll is very popular among his acquaintances.

A big robbery occurred at Central last night, the jewelry store of Kienla being broken open and \$7,000 worth of jewelry taken. Entrance was made through the back door.

The general store of S. L. Weaver was also entered and goods to the value of \$7 were taken.

Detective Riggle was telephoned for this morning and went up with his bloodhounds, tracing the burglars to the iron bridge near Coal Centre where the trail was lost.

Milmars, The Stars.

Will give a star performance in a star acrobatic act at the Star tonight.

SEEDS PAID FOR BY TAXPAYERS

The worst has come in the Tener-Acheson contest. It has been feared from the first by the opponents of Mr. Acheson. Secret service men and government employees tried to prevent it, but their efforts have been of no avail. This is the secret. Acheson is sending out seeds furnished by the United States government, and they are paid for by the taxpayers. Not being satisfied with dealing the Tener forces this awful blow at the eleventh hour Mr. Acheson went further. He sent a package of seeds to Mr. Tener, and the report is current here that the shock was so severe that Mr. Tener was going to withdraw from the contest. Hurried telegraph communications was gotten with Mr. Tener, and the following message was received from Beaver by the man in charge of his office: "Keep the seeds. I'll send them back next year." "Tener."

Dear Sir: Twelve words state the fact:
Every job painted Devoe takes less gallons than any other paint.
If any one doubts this statement he may paint half his job Devoe, the other half any paint he likes.
If Devoe half doesn't take less gallons, no pay.

The factory ammunition for the Model 94 rifle is cheap, and can be loaded at very small cost.

WILLIAM E. LANE,
A man of decided strength, both of character and intellect.

The Office of County Commissioner

Is the most important in the whole county. It has to spend hundreds of thousands of dollars of the people's money every year. All the public improvements are sanctioned and constructed under its direction. It is the most important office for a section or locality to have representation in, although not one of great emolument or profit to the one holding it. It is strange to say that the boroughs and townships fronting upon

The Monongahela River Has Never Had Representation

upon this Board in the majority party for over thirty years. This is the more remarkable because they have over one-third of the population of the entire county and have very often themselves furnished the majority to elect the commissioners, and the entire Republican ticket. Is it fair to this great and most important district? Has this great valley received its proportionate share of public improvements? Of the thousands and hundreds of thousands of dollars spent upon road improvements, how much has been spent along the Monongahela Valley?

The time is close at hand when the Republican voters of this great community can have a representative tried and true, and who is in touch with the River country, by putting the cross opposite the name of **Thomas Hill of Union Township**, whose name appears upon the official Republican Ballot. He will see that this great section will receive its full share of public improvements. He believes that when money is collected as taxes from this district that improvements should come proportionately. He is opposed to the arbitrary increase of the assessment of a whole township or borough. He believes that the appeals from the assessments should be held in each locality, and that the people wishing to object to the assessment should not be compelled to take the time and expense to go to the County Seat to obtain their hearing. In other words, that the Commissioners should go to the people instead of compelling the people to go to them. If you believe that the Republican party should give the River District a representative, the first in thirty years, cast your vote for Thomas Hill.
